The influences of this Eclipſe, do begin to take their effects in the beginning of Iune this yeere, 1608. and continue to the xii. Day of Auguſt following. This Eclipſe foretheweth many and ſundry diſeaſes of the nature of Saturne, Quartaine Agues, Coughs, Murrhes, Cathars, & other long continuing or lingring diſeaſes, much law, ſtrife, contention among the meaner ſort and maried perſons, very unſeaſonable weather, hindering the Harueſt and Fruits of the Summer, tempeſtuous weather at Sea, hindrance to marchants and Mariners: with much ſorrow, griefe and trouble. The part of Fortune in the xvi. degree of Sagitary, in the third houſe: All which conſidered, ſhewes but a variable eſtate of the yeare, much falling out of Iniſtice about the goods of the dead, and doubtes of Marriages: It ſignifieth hindrance to the fruites of the earth, with ſome ſcarcitie of Graine, ſtrife & diſcention among the vulgar ſort, enuy, malice and hatred, craft and deceit.
